

Harworth Group PLC (the "Company") Disclosure Committee Terms of Reference

1. Definitions

In these terms of reference:

"**Board**" means the board of directors of the Company;

"**Committee**" means the disclosure committee of the Board;

"**Disclosure Guidance**" means the Disclosure Guidance and Transparency Rules of the Financial Conduct Authority;

"**Group**" means the Company and its subsidiary undertakings from time to time;

"**Listing Rules**" means the Listing Rules of the Financial Conduct Authority; and

"**MAR**" means the Market Abuse Regulation (EU) 596/2014.

2. Purpose

2.1 MAR, the Disclosure Guidance and the Listing Rules require the Company to disclose in a prescribed manner, as soon as possible, any inside information directly concerning the Company, unless an exemption from disclosure is available.

2.2 The Listing Rules also require that a Company must take reasonable steps to establish and maintain adequate procedures, systems and controls to enable it to comply with these obligations.

2.3 The Committee has been delegated responsibilities from the Board to oversee the Company's compliance with its disclosure obligations as laid down by MAR, the Disclosure Guidance and the Listing Rules.

2.4 "**Inside information**" is information which:

2.4.1 is of a precise nature;

2.4.2 has not been made public;

2.4.3 relates, directly or indirectly, to an issuer or certain publicly traded securities and related investments; and

- 2.4.4 if it were made public, would be likely to have a significant effect on the price of those securities or related investments.

Information is "precise" if it indicates a set of circumstances which exists or which may reasonably be expected to come into existence, or an event which has occurred or which may reasonably be expected to occur, where it is specific enough to enable a conclusion to be drawn as to the possible effect of that set of circumstances or event on the price of relevant publicly traded securities.

Information which, if it were made public, would be likely to have a significant effect on the price of securities means information which a reasonable investor would be likely to use as part of the basis of his or her investment decisions.

- 2.5 Under MAR, the Company is also required to maintain insider lists, being lists of those persons working for the Company with access to inside information concerning the Company.
- 2.6 The Board has adopted: (i) a code on share dealings ("**Code**") which aims to ensure that certain statutory restrictions and obligations relating to dealings in securities (including options over shares) of the Company are complied with; and (ii) an inside information policy ("**Policy**") that sets out the internal procedures regulating the disclosure and management of inside information.
